

Don't Miss Out!

Coming October 28 – 30th, 2016 - RigDzin Buddhist Center - Albuquerque New Mexico

Drupon Rinchen Dorje's last visit in 2016 is big!

Don't miss this outstanding and final opportunity in 2016 to receive the peerless instructions of Mahamudra. The quintessential instruction on meditation, the correct view and the nature of mind of the Drikung Kagyu. In an unbroken transmission, this rare and precious instruction was introduced to Tibet by the Buddhist Mahasiddha Tilopa, a master and sage from India, who passed the teaching to Naropa, from Naropa to Marpa Chokyi Lodro, from Marpa to Milarepa, to Gampopa the heart-son of Milarepa, to Phagmodrupa, and to Lord Jigten Sumgon, the progenitor of the Drikung Monastery and Drikung tradition of Tibet.

In an unbroken passage from guru to disciple, down to the present day - this teaching will be delivered by Drupon Rinchen Dorje, a great and accomplished meditation master in his own right.

Drupon Rinchen Dorje will lecture from the precious pith instruction and writings of the Drikung Kyopa (Lord) Jigten Sumgon. The "Introduction to Mahamudra, The Co-emergent Unification", is a short text, accessible for the beginner, but loaded with meanings for even the most advanced practitioner. Copies of the text will be available for purchase.

A favorite subject and instruction of H.E. Garchen Rinpoche, don't miss this rare and precious opportunity. The translator for this event is Lama Gyaltzen, a Tibetan lama residing in Santa Fe NM, with a great command of the English language.
